

### 1. Type of cybercrime:

- **Phishing / Online job scam** (a form of social engineering and financial fraud)

### 2. Three red flags:

- Asking for a **verification fee** (legitimate companies like Google never charge money)
- **Unrealistic salary** for a student (₹18 LPA, remote, instant shortlisting)
- **Urgency pressure** ("Limited seats. Pay now")

### 3. What should Aman do to verify the job offer:

- Check the offer on **Google's official careers website**
- Verify the recruiter's **official email domain** (e.g., @google.com)
- Contact Google or trusted seniors/placement cell before responding
